Lot 5 RITA 3816 x CHAPS 4095
4 embryos - guarantee of 2 pregnancies

Blending the powerfully constructed and low BW sire, Chaps 4095, with the productive and attractively patterned Rita 3816, this mating offers a tremendous combination of calving ease, muscle and maternal function. Rita 3816 stems from the leading calving ease and marbling dam, Rita 2345, and is sired by the proven and popular Weigh Up K360. Long-spined and clean in her lines, 3816 produced Rita 6001, the $12,000 top-selling heifer calf of the 2016 NILE Angus Female Sale. Twenty calves sired by Chaps 4095 born in 2017 at Montana Ranch earned an average WR of 102.

ELLINGSON CHAPS 4095
- Sire of the Lot 5 Rita embryos

Bid price is per embryo. Package price is 4X the bid. Buyer is responsible for shipping costs
